

A leader in Structural Engineering Software since 1986

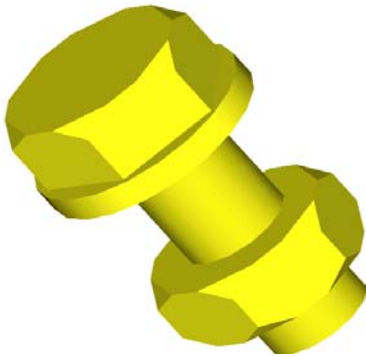

INVITATION

North American Steel Construction Conference April 18-21 in New-Orleans

SAFI Quality Software Inc. is kindly inviting you to visit our booth at the “2007 North American Steel Construction Conference” exhibition show held on April 18-21, 2007 in New-Orleans. This is an excellent opportunity to meet the SAFI Team and learn more about the SAFI Exclusive Technologies.

The main attraction event at SAFI’s exhibition booth will be the demonstration of the NEXT technology for steel design, detailing, fabrication and estimation.

The Virtual Steel Buildings® technology allows you to fully and totally integrate Modeling, Engineering, Fabrication, Detailing and Estimation seamlessly!

The Virtual Steel Building® is:

- The NEXT technology
- Single and **Unique Database**
- True and Total Integration
- The Steel Dream for engineers, detailers, fabricators and estimators

Since 1986, SAFI develops reliable, productive and high-quality structural engineering Software. The new SAFI product called the Virtual Steel Buildings® or VSB Software is a seamlessly integrated Software for engineers, detailers, fabricators and estimators.

We have a limited number of free NASCC Tickets to offer. Please contact Mr. Jimmy Lemay at sales@safi.com or by phone: 1-800-810-9454.

It will be a pleasure to meet you at the SAFI exhibition **booth # 453** for a demonstration of the VSB technology.

We look forward to meet you!

Rachik Elmaraghy, P. Eng., M.A.Sc.
